

NIK HUBER
guitars

Krautster II

The Krautster totally nails the sound and sheer power of raw music.

Its design and craftsmanship, meanwhile, demonstrate massive scope and breathtaking ambition.

Disguised as a plain, down-to-earth guitar, the Krautster comes proudly stripped of almost everything but the very essence of Rock!

The P90 neck pickup delivers a touch of flexibility and a bluesy voice that's all your own.

Krautster II
